

HYDRIM Surgical Instrument Washer

HYDRIM Enzyme Detergent Lubricant Cleaner

The compact HYDRIM L-100W and G4 Washers consistently deliver the highest quality fully automated washing. Pre-programmed Cycles (P1- Rinse and Hold, P2 Regular, and P3 Heavy Duty) meet your washing needs. The HYDRIM G4 delivers the same washing excellence provided by the HYDRIM L-100w with the added features of on-line and USB Port service diagnostic/support and cycle data storage.

HYDRIM Enzyme Detergent Lubricant Cleaner (UPS-2), cleans, conditions, and lubricates instruments and container moving parts.
